

## Ghana Kanta Borah College, Tamulichiga

### Implementation / Action Taken Report on Teachers' Feedback

Teachers play a very significant role in shaping the teaching learning environment and quality of an educational institution. They also take active parts in various bodies of the college and therefore are one of the important stakeholders in the overall development and governance of the college.

Feedback on teaching learning, administration and general ambience are collected from faculty members of the college every year. In the feedback for the session 2021-22, the following suggestions were received from the teachers.

#### Suggestions/Comments received through Teachers' feedback

1. Library facilities should be upgraded to cope with the changing academic environment.
2. Overall facilities in the college are required in present context.
3. To improve of quality of teaching mechanism.
4. Need more ICT classroom.
5. Much amendment in infrastructure is needed

#### Implementation Report on teachers' feedback

1. The college library has been automated using KOHA software.
2. Arrangement for more number of books is underway through book purchase, book donation etc.
3. The college administration has been appealed to increase/improve overall facilities in the college within its limited resources. One new toilet is under construction. One new WiFi modem has been installed in the college library.
4. The IQAC has appealed faculty members to use more student centric methods in teaching learning process, to restart field study trips for students which got somewhat halted during Covid pandemic.
5. Two numbers of Smart TVs have been installed in the classroom besides the LCD projector already had for enhancing ICT facilities.
6. Appeal has been made to the Principal, who will place the same to the Governing Body, to augment general infrastructure of the college.
7. As most of the teachers have expressed need of better research facilities, the IQAC has discussed the matter with the Principal and Librarian.
